PPL	45 hrs flying	Initial requirements				
LSA subpart 16	30 hrs credit min 10 hrs dual instr which must incl: 5 hrs instrument instr min 5 hrs solo which must incl: Triangular CC of at least 150nm, one point not closer than 50nm from base, incl 2 full stop landings at two diff aerodromes, of which 1 must have an ATSU and for which a flight plan shall be submitted PPL Exams PPL Skills test	Minimum 35 hrs flying which must include; Minimum 15 hrs solo 1 Dual Cross Country not less than 90 min 1 Solo Cross Country not less than 90 min (Cross countries shall have at least 3 legs) 1 dual instruction flight in/out of controlled airport Exams LSA Skills test not less than 60 min with Grade A or B instr which includes; Navigation skills test not less than 90 minutes which includes 1 full stop landing at a controlled airport other than point of departure.	Exercises as per the instructors discretion, and X Country req may be relaxed Technical exam on type Aircraft Type Rating by name familiarisation Minimum of 5 dual take-offs and landings	Minimum of 10 hrs dual instruction flying Minimum of 5 Solo Take-offs and landings Principals of Flight WCM Engines and Airframes WCM Skills test with Grade A or B instr	Up to a Maximum of 10 hrs credit, which comprises; credit for 5 hrs solo and 5 hrs dual flying time Minimum 20 hrs flying which must include; Minimum of 10 hrs dual instruction flying Minimum of 10 hrs solo flying Two exams which are; Principals of Flight GYR Engines and Airframes GYR Skills test with Grade A or B instr	Up to a Maximum of 25 hrs credit, which comprises; Minimum of 10 hours flying Theory at discretion of the instructor Skills test with Grade A or B instr
CCM Subpart 4	25 hrs credit min 10 hrs dual instr which must incl: 5 hrs instrument instr min 10 hrs solo which must incl: Triangular CC of at least 150nm, one point not closer than 50nm from base, incl 2 full stop landings at two diff aerodromes, of which 1 must have an ATSU and for which a flight plan shall be submitted PPL Exams PPL Skills test	Up to a maximum of 20 hrs credit Minimum of 15 hrs flying which must include; Minimum of 5 hrs solo Minimum of 10 hrs dual instruction flying 1 dual instruction flight in/out of controlled airport Skills test with Grade A or B instr	Minimum 25 hrs flying which must include; Minimum 15 hrs solo 1 Dual Cross Country not less than 90 min 1 Solo Cross Country not less than 90 min (Cross countries shall have at least 3 legs) Exams CCM Skills test not less than 60 min with Grade A or B instr which includes; Navigation skills test not less than 90 minutes which includes 1 full stop landing at a point other than point of departure.	Minimum of 10 hrs dual instruction flying Minimum of 5 Solo Take-offs and landings Principals of Flight WCM Engines and Airframes WCM Skills test with Grade A or B instr	Up to a Maximum of 10 hrs credit, which comprises; credit for 5 hrs solo and 5 hrs dual flying time Minimum 20 hrs flying which must include; Minimum of 10 hrs dual instruction flying Minimum of 10 hrs solo flying Two exams which are; Principals of Flight GYR Engines and Airframes GYR Skills test with Grade A or B instr	Up to a Maximum of 25 hrs credit, which comprises; Minimum of 10 hours flying Theory at discretion of the instructor Skills test with Grade A or B instr
WCM Subpart 5	10 hrs credit min 20 hrs dual instr which must incl: 5 hrs instrument instr min 15 hrs solo which must incl: Triangular CC of at least 150nm, one point not closer than 50nm from base, incl 2 full stop landings at two diff aerodromes, of which 1 must have an ATSU and for which a flight plan shall be submitted PPL Exams PPL Skills test	Up to a maximum of 15 hrs credit Minimum of 20 hrs flying which must include; Minimum of 10 hrs solo Minimum of 10 hrs dual instruction flying 1 dual instruction flight in/out of controlled airport Two exams which are; Principals of Flight LSA Engines and Airframes LSA Skills test with Grade A or B instr	Up to a maximum of 15 hrs credit Minimum 10 hrs flying which must include; Minimum of 10 hrs dual instruction flying Minimum of 5 solo Take-offs and landings Principals of Flight CCM Engines and Airframes CCM Skills test with Grade A or B instr	Initial requirements Minimum 25 hrs flying which must include; Minimum 15 hrs solo 1 Dual Cross Country not less than 90 min 1 Solo Cross Country not less than 90 min (Cross countries shall have at least 3 legs) Exams WCM Skills test not less than 60 min with Grade A or B instr which includes; Navigation skills test not less than 90 minutes which includes 1 full stop landing at a point other than point of departure.	Up to a Maximum of 10 hrs credit, which comprises; credit for 5 hrs solo and 5 hrs dual flying time Minimum 20 hrs flying which must include; Minimum of 10 hrs dual instruction flying Minimum of 10 hrs solo flying Two exams which are; Principals of Flight GYR Engines and Airframes GYR Skills test with Grade A or B instr	Up to a Maximum of 15 hrs credit, which comprises; Minimum of 20 hours flying Exam - Gliding theory Skills test with Grade A or B instr
GYR Subpart 6	10 hrs credit min 20 hrs dual instr which must incl: 5 hrs instrument instr min 15 hrs solo which must incl: Triangular CC of at least 150nm, one point not closer than 50nm from base, incl 2 full stop landings at two diff aerodromes, of which 1 must have an ATSU and for which a flight plan shall be submitted PPL Exams	Up to a maximum of 15 hrs credit Minimum of 20 hrs flying which must include; Minimum of 10 hrs solo Minimum of 10 hrs dual instruction flying 1 dual instruction flight in/out of controlled airport Two exams which are; Principals of Flight LSA Engines and Airframes LSA Skills test with Grade A or B instr	Up to a maximum of 10 hrs credit Minimum 15 hrs flying of which shall be a; Minimum 5 hrs dual instruction flying Minimum 10 hrs solo flying Two exams which are; Principals of Flight CCM Engines and Airframes CCM Skills test with Grade A or B instr	Training as per initial CCM requirements; of which Cross Country requirement may be relaxed Two exams which are; Exam Principals of Flight GYR Exam Engines & Airframes GYR Skills test with Grade A or B instr	Initial requirements Minimum 30 hrs flying which must include; Minimum 15 hrs solo 1 Dual Cross Country not less than 90 min 1 Solo Cross Country not less than 90 min (Cross countries shall have at least 3 legs) Exams GYR Skills test not less than 60 min with Grade A or B instr which includes; Navigation skills test not less than 90 minutes which includes 1 full stop landing at a point other than point of departure.	Training as per initial TMG requirements; of which Cross Country requirement may be relaxed Exam - Gliding theory Skills test with Grade A or B instr
TMG Subpart 17	Not Avialable	Up to a maximum of 30 hrs credit Minimum of 5 hrs flying which must include; Any number of dual and solo hours 1 dual instruction flight in/out of controlled airport Skills test with Grade A or B instr	Exercises as per the instructors discretion, and X Country req may be relaxed Technical exam on type Aircraft Type Rating by name familiarisation	Minimum of 10 hrs dual instruction flying Minimum of 5 Solo Take-offs and landings Principals of Flight WCM Engines and Airframes WCM Skills test with Grade A or B instr	Up to a Maximum of 10 hrs credit, which comprises; credit for 5 hrs solo and 5 hrs dual flying time Minimum 20 hrs flying which must include; Minimum of 10 hrs dual instruction flying Minimum of 10 hrs solo flying Two exams which are; Principals of Flight GYR Engines and Airframes GYR Skills test with Grade A or B instr	Initial requirements Minimum 35 hrs flying which must include; Minimum total of 40 flights Minimum of 15 hours solo which must include; At least 20 solo flights One flight minimum 30 minute continuous engine off, with a shutdown not exceeding 3000ft of intended landing site, and a soaring circuit and engine off landing 1 Dual Cross Country not less than 90 min 1 Solo Cross Country not less than 90 min (Cross countries shall have at least 3 legs) 1 dual and 1 solo instruction flight in/out of controlled airport Exams TMG Skills test not less than 60 min with Grade A or B instr which includes; Navigation skills test not less than 90 minutes which includes 1 full stop landing at a point other than point of departure.
